

GL-FAQ (Packing options)

How is the lounge packed?

Option 1 ON WHEELS

Option 2 ON PALLET

Option 3 WOODEN CRATE

1. ON WHEELS

The lounge is standing directly on its 4 lockable casters (wheels) it's covered by a plastic bag, protection corners on 4 sides. Then bubble and or plastic wrap

This type of packing is often used if the lounge is hand delivered directly by a small truck.

Or recommended if picked up by the customer directly at our warehouse or purchased as a show piece after an exhibition and is transported privately and directly on a trailer or in a small truck.

2. ON PALLET

In addition to option 1. packing; the lounge is placed on a wooden pallet. And has a card box on top. The lounge can now be moved with a forklift or hand pallet lifter.

This is the standard packing when the lounge is shipped within EU via normal pallet transport networks. *Additional cost for this packing option is approximately 600 SEK, 55 € or 50 £ Ex. VAT*

Packing size:

Captain Seat GL2000: L:155 x W:100 x H:185 cm 125 - 140 kg (Wooden pallet)

Commodore GL3000/2: L:170 x W:100 x H:185 cm 140 - 160 kg (Wooden pallet)

3. WOODEN CRATE

Fully crated lounge in an ISM-15 approved wooden box with customs inspection latch. The lounge is packed as option 1. and is then packed in a fully enclosed wooden crate.

This option is required for shipment to US, Middle East or other locations when the shipment goes via shared container by boat to the final destination. This option is also recommended for shipments with many loading / unloading by forklifts.

Finally this option is an excellent choice if the lounge is a gift or presented at an event.

Additional cost for this packing option is approximately 4500 SEK, 400 € or 350 £ Ex. VAT

Packing size:

Captain Seat GL2000: L:175 cm x W:114 cm x H200 cm ~ 310 kg (ISM-15 crate)

Commodore GL3000/2: L:186 cm x W:114 cm x H200 cm ~ 340 kg (ISM-15 crate)
