

Garden Lounger

Outdoor Loungers are rich in history. Designed over 150 years ago these Victorian seats were created to provide an outdoor shelter from the wind and sun, while enjoying sitting outdoors.

Mygind Design Scandinavia has redefined the comfort level, quality and practicality of this historic furniture, thus creating the bespoke "Garden Haven Lounger" collection.

When outside in the garden or up on the terrace, A "Garden Haven Lounger" surrounds you in complete comfort and luxury, sheltered from the elements.

Garden Loungers are crafted of solid mahogany or teak, hand woven in all-weather synthetic resin wicker, and fully custom upholstered with plush cushions and pillows, thus providing you with luxurious wind free outdoor seating all year round.

Whether sitting in your Garden Lounger enjoying a morning coffee... or lying down in the afternoon sun... changing from seated comfort to a relaxing reclining position is easily achieved by a simple lever adjustment.

Quality

Every "Garden Haven Lounger" is hand built to order from solid mahogany or teak in combination with hand woven all weather resin-wicker.

Upholstered using only the finest outdoor marine grade fabrics which are water/dirt repellent and fully UV-resistant.
